This Association is the largest, oldest and most successful Mutual Insurance
Association in California and the majority of its members are in and near San
Francisco where it is best known. It now confines its Agencies to the Pacific
Coast. The wisdom of this act is shown by the strenuous efforts made by the
Eastern companies for California business, recognizing as they do, the necessity
of equalizing the extra death rate elsewhere caused by climatic conditions. "An
insurance company that reaches too far is liable to disasters common to the
merchant who spreads his business over all Creation."
